**America's Loch Ness Monsters** Philip Rife

A FLORIDA FISHERMAN MEETS ONE OF NESSIE'S AMERICAN COUSINS..."It was as if someone were staring at my back. You know, the type of feeling when the hair seems to stand up on the back of your neck. I turned around and looked directly into the face of a giant sea serpent! Its head and neck were raised out of the water to the height of about 10 feet. The frightening thing was staring at me with two dull, dark eyes five inches across. The head was slightly larger than the neck, probably about 36 inches in diameter. The thing stared at me for at least a minute, moving its head slightly from side to side. Then it disappeared beneath the surface."(FROM CHAPTER 5)
