## **Birds: A Guide Book to British Birds** Jonathan Elphick

With information on 250 species, this is a guide to British birds which is intended for birdwatchers of all levels of experience, and covers identification, habitats, and birdwatching equipment and techniques. There are descriptions of all the birds, arranged in evolutionary order by family, and artwork which depicts different appearances in different seasons, as well as the bird in flight. A boxed section contains basic information in note form, on length, weight, habitat, movements, population and breeding habits.
