**The Gallaudet Children's Dictionary of American Sign Language** The Editors of Gallaudet University Press, Jean M. Gordon

- \* Featuring more than 1,000 ASL sign drawings
- \* All signs paired with charming color illustrations
- \* Introduction explains how to sign ASL and fingerspell
- \* Complete index of English terms for each sign, including synonyms
- \* Sample sentences using specific words to match every sign's meaning

*The Gallaudet Children's Dictionary of American Sign Language* presents more than 1,000 ASL sign drawings arranged alphabetically by English terms, plus delightful color illustrations for each sign. Also featuring English sentences for each sign, the Gallaudet Children's Dictionary stands alone as the best, most entertaining ASL reference volume for deaf and hearing children alike.

*The Gallaudet Children's Dictionary* is a bilingual dictionary that serves a twofold purpose—to increase and improve deaf children's English vocabulary skills and to teach American Sign Language to hearing children. Research indicates that all children benefit from knowing more than one language, and they acquire the second language relatively quickly when they start learning it before the age of twelve. This dictionary will help deaf children make the connections between the signs they already know and the written English words that express the same concept. As a result, their reading vocabulary will grow, and they will gain an understanding of how English words can have different meanings. Hearing children will learn a new language and a new way to communicate.

The introduction explains the history and culture of American Sign Language as well as how to sign and fingerspell. The accompanying DVD displays native ASL signers demonstrating how to form each sign plus 150 ASL sentences. For easier retention, signs can be watched in full speed or slow motion. The index listing all of the English vocabulary for each sign completes *The Gallaudet Children's Dictionary of American Sign Language* as the new standard ASL reference for children, their parents, and their teachers.

We can say that no publication that offer you world with ten or fifteen small right but this book already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. hectic do you still doubt which?

**Joseph Felder:**

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just little students that has reading's internal or real their pastime. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Gallaudet Children's Dictionary of American Sign Language can make you really feel more interested to read.
