# Death and Philosophy

## Death and Philosophy

*Death and Philosophy* considers these questions with different perspectives varying from the existentialist - deriving from Camus, Heidegger or Sartre, to the English speaking analytic tradition of Bernard Williams or Thomas Nagel; to non-western approaches such as are exemplified in the Tibetan Book of the Dead and in Daoist thought; to perspectives influenced by Lucretius, Epicurus and Nietzsche.

*Death and Philosophy* will be of great interest to philosophers, or those studying religion and theology, but its clarity and scope ensures it will be accessible to anyone who has considered what it means to be mortal.
