Ashley Bell: A Novel by Dean Koontz | Summary & Analysis

Lauren Groff's novel is an examination of love and marriage between two people constantly struggling with their own self-worth after enduring broken childhoods that have scarred too deeply to ignore. It is touching, agonizing, riveting, and therapeutic all at once, an emotional roller coaster that forces the reader outside their comfort zone and into a place of naked truth. Groff's deep-rooted understanding of the fine workings of marriage is shockingly accurate as she portrays the daily ins and outs of the love/hate relationship that only those with a spouse can truly appreciate. Her writing is smart, seductive, and edgy, keeping the reader engaged from beginning to end.

Lancelot "Lotto" Satterwhite is a passionate man with a love for both the theatrics of the stage and the beauty of women. His endless charm serves as a sexual magnetism to all who are around him and his roving eye appears as though it will never cease. Until the moment he spies Mathilde Yoder from across the room and suddenly, his whole world changes in the span of a second. Just a few short weeks later, Lotto and Mathilde are married, both blissfully in love and optimistically dreaming of the happy years ahead. None of their friends think their marriage will make it, but their love is unlike any other. As the years go by, they weather the storms all relationships are challenged with, pulling apart only to be drawn back together by a force stronger than any hardship they face.

This companion includes the following:

- Book Review
- Story Setting Analysis
- Enjoy a Deeper Experience
- Story elements you may have missed as we decipher the novel
- Summary of the text, with some analytical comments interspersed
- Thought Provoking /or Discussion Questions for both Readers & Book Clubs
