Monty

Philip Effiong

Monty Philip Effiong

A sickly and fragile Monty is rescued at birth from the terror of a wartime refugee camp when a reverend sister cuts the umbilical cord that attaches him to his dead mother. She helps to smuggle him out of the nameless land of his birth after she successfully delivers him to a secret escape airstrip. Though his physical growth and mental state are adversely affected by the circumstances of his birth, he is offered renewed hope, first in Ireland and then the United States where he attends special training institutions and is periodically under the care of two families. Often ridiculed because of his mental state and physical appearance, his progress is given a boost by the early discovery of his uncanny flute-playing talent. But his real journey to self-discovery begins when, as an adult, he is able to orchestrate a return to the mythic land of his birth.

Inspired by the grisly refugee camp situation during the Nigeria-Biafra Civil War (1967-70), Monty is a fascinating revelation of the unending consequences of war and pays tribute to the unconquerable human spirit.
