## **How Does Your Child Rank Among His or Her Peers?**

Did you know there's simple techniques you can employ to give your child an intelligent edge in life? It begins with talking to your child from day one. This helps them develop language and understanding early on that will be an asset to their success for their entire lives.

## **Jumpstart Your Child's Education and Show Them How To Use the Power Within!**

**If you don't educate your child, they will learn from somewhere.  
That's a scary thought, don't you think?**

Inside **ACCELERATED LEARNING: How to Jump Start Your Three to Eight-Year-Old's Education And Give Them Power Within**, you will discover how to make your time with your children the foundation of their learning. Contrary to popular belief, it is not the education system's job to teach your child. It is their job to supplement your child's learning with tools and skills. You are ultimately the source of their life experience early on.

Inside, there are dozens of techniques to help you empower your children and take them on a never-ending adventure that will show them how to thrive and survive in our rapidly-changing world. If you want well-rounded children who are prepared to tackle life in a big way, you can start today with this book!

These techniques are simple and anyone can implement them. For example, reading with your children on a regular basis provides them with a strong foundation. Kids ask a million questions and sure, it's annoying at times, but answer them...every one. They will thank you for it later. Ask them questions and use the opportunity to show them new things.

## Other Techniques You'll Discover In This Book

- Educational games and technology
- Educational travel
- Daily schooling and extracurricular activities
- Physical play
- Activities for mental stimulation
