Her boss. A pair of randy knights. A shifter Cheshire cat.

These are only three of the things Alice Drake intimately navigates as she begins her journey into a rough, depraved, and twisted fantasy world peopled with strange, horny allies, and sensual dangers.

When her sister, and co-worker at a top secret government laboratory, goes missing, Alice is the only one who will save her. Everything she thought she knew about herself, about sex, about reality, is lost within moments of entering this new world. From her first step through the Looking Glass transport system, she will be tested and pushed past all her former boundaries.

And the whole time, the warning of her boss echoes in her ears..."the further in you go, the weirder it gets."
