Love Where You Live: Creating Emotionally Engaging Places Peter Kageyama

Following the widespread success of *For the Love of Cities*, this book builds upon the central premise that love of place matters, with more examples from all over the world and practical steps that community leaders, both official and unofficial, might use to kick start the process in their city. This book explores how to build networks of co-creators, how to allay community fears, how to deal with naysayers and bad news, how to find your authentic identity and how little bits of funding can be instrumental in creating big changes.
