**The Politics of United States Foreign Policy** Jerel A. Rosati, James M. Scott

Widely considered to be a definitive work on how U.S. foreign policy is made, THE POLITICS OF UNITED STATES FOREIGN POLICY uses three levels of analysis that demonstrate how government, society, and the historical-global environment all impact policymaking. Appropriate for those professors who want to teach a course that emphasizes process, the text blends substance, history, and theory in a lively narrative that is comprehensive, accessible, and informative. This new fifth edition is streamlined and updated and includes coverage of the 2008 elections, the new Congress, the global economic crisis, updates on the Iraq War, and the Obama administration's foreign policy.
