"Don't Burn It! Read It!" will help lay the foundation for an understanding of Islam that will allow the reader to guard against falling prey to the Politically Correct nonsense presented about Islam by everyone from Muslims and Muslim apologists, to the celebrities and even past and the present President of the United States. History has proven that Islam prefers people to be ignorant of its history, its prophet, its goals and especially the methods by which it seeks to convert the entire world into "Slaves of Allah" by submitting to Islam. Now more than ever, we must wake up and realize, as J.T. Matthews says in his book, "Islam is an enemy we are not prepared to fight because it is an enemy we are not prepared to name as our enemy." Don't be deceived. Don't burn it but read the Qur'an and see for yourself the truth of Islam that hides behind the cloak of religion.
