Stewart Pearce

The Heart's Note: Sounding Love in Your Life from Your Heart's Secret Chamber Stewart Pearce A powerful and inspirational treatise, this study examines the heart as the seat of the soul and shows how, with a daily application of love, humanity can access its wisdom to find answers and create change. Drawn from research of indigenous tribes, ancient rituals, and Christian mystics, this resource teaches that heart consciousness—the idea of the heart as the ultimate truth of creation and the way in which people connect with each other—will enable harmony, peace, and satisfaction. Also illustrating that there is something crucially lacking in today's society because of the disconnect to the heart, this important investigation encourages readers to be open to love, the fundamental physiological aspect through which true inner peace, normally lost in childhood, can be rediscovered.
