18 mises au point en chirurgie du genou (French Edition) Denis Hutten, Rémi Kohler, Patricia Thoreux

Après les *13 Mises au point en chirurgie de la hanche*, ce volume thématique, exclusivement consacré à la chirurgie du genou, réunit des extraits des *Conférences d'enseignement* et des monographies de la collection *Les cahiers d'enseignement de la Sofcot*. Les 18 conférences et chapitres issus de cahiers à thème, choisis parmi les plus récents, font le point sur des sujets d'actualité qui intéresseront tous les chirurgiens du genou.

Après une première partie sur les examens complémentaires devant un genou douloureux, ces mises au point abordent :

- les lésions ménisco-ligamentaires ;
- les lésions cartilagineuses fémoro-tibiales ;
- les pathologies fémoro-patellaires.

Ce volume s'adresse aux chirurgiens orthopédistes confirmés ou en formation, soucieux d'approfondir leurs connaissances en chirurgie du genou et répond à l'hyperspécialisation constatée dans la discipline.
