## **For Tontz** Aric Addison

Aric Xavier Addison—hopeless romantic. Tahnee Marie Darling—his new passion, and a unique brand, at that. Collin Locke—the best friend: Tahnee's, that is. This beautifully written novel depicts the times and trials of Aric as he meets Tahnee in very strange (to say in the least) circumstances, Collin as he deals with the formation of this young couples new relationship, and Tahnee as she battles with the decision whether or not she wants to be chased forever. For Tontz is split up into three categories: Aric, Collin, and Tahnee wherein the omni-present narrator of the novel focuses on the individual at similar points in time. Although each of the characters' sections are written in third person narrative, the three spend most of their sections telling stories, each to a different person, depicting the experiences they've had with each other, and revealing their true intentions along the way.
