Theory for Classics: A Student's Guide

Louise Hitchcock

Theory for Classics: A Student's Guide Louise Hitchcock

This student's guide is a clear and concise handbook to the key connections between Classical Studies and critical theory in the twentieth century. Louise Hitchcock looks at the way Classics has been engaged across a number of disciplines.

Beginning with four foundational figures – Freud, Marx, Nietzsche and Saussure – Hitchcock goes on to provide guided introductions of the major theoretical thinkers of the past century, from Adorno to Williams. Each entry offers biographical, theoretical and bibliographical information along with a discussion of each figure's relevance to Classical Studies and suggestions for future research.

Theory for Classics, adapted from *Theory for Religious Studies*, by William E. Deal and Timothy K. Beal, is a brisk, thoughtful, provocative, and engaging title, which will be an essential first volume for anyone interested in the intersection between theory and classical studies today.
