In Real Life Lawrence Tabak

Fifteen-year-old math prodigy Seth Gordon knows exactly what he wants to do with his life—play video games. Every spare minute is devoted to honing his skills at Starfare, the world's most popular computer game. His goal: South Korea, where the top pros are rich and famous. But the best players train all day, while Seth has school and a job and divorced parents who agree on only one thing: "Get off that damn computer." Plus there's a new distraction named Hannah, an aspiring photographer who actually seems to understand his obsession.

While Seth mopes about his tournament results and mixed signals from Hannah, Team Anaconda, one of the leading Korean pro squads, sees something special. Before he knows it, it's goodbye Kansas, goodbye Hannah, and hello to the strange new world of Korea. But the reality is more complicated than the fantasy, as he faces cultural shock, disgruntled teammates, and giant pots of sour-smelling kimchi.

What happens next surprises Seth. Slowly, he comes to make new friends, and discovers what might be a breakthrough, mathematical solution to the challenges of Starcraft. Delving deeper into the formulas takes him in an unexpected direction, one that might just give him a new focus—and reunite him with Hannah.

From reader reviews:

Shirley Demers:

Why don't make it to be your habit? Right now, try to ready your time to do the important work, like looking for your favorite e-book and reading a e-book. Beside you can solve your problem; you can add your knowledge by the publication entitled In Real Life. Try to make the book In Real Life as your friend. It means that it can for being your friend when you sense alone and beside that course make you smarter than ever. Yeah, it is very fortunated to suit your needs. The book makes you much more confidence because you can know every thing by the book. So , let me make new experience as well as knowledge with this book.

Lori Suda:

What do you ponder on book? It is just for students because they are still students or this for all people in the world, the actual best subject for that? Only you can be answered for that concern above. Every person has various personality and hobby for each and every other. Don't to be obligated someone or something that they don't need do that. You must know how great as well as important the book In Real Life. All type of book are you able to see on many options. You can look for the internet resources or other social media.

Theresa Tompkins:

Are you kind of active person, only have 10 or perhaps 15 minute in your day time to upgrading your mind ability or thinking skill also analytical thinking? Then you have problem with the book than can satisfy your short time to read it because pretty much everything time you only find guide that need more time to be read. In Real Life can be your answer given it can be read by you actually who have those short extra time problems.

Lola Kelly:

Many people spending their time frame by playing outside having friends, fun activity having family or just watching TV the whole day. You can have new activity to shell out your whole day by looking at a book. Ugh, ya think reading a book will surely hard because you have to accept the book everywhere? It all right you can have the e-book, having everywhere you want in your Smart phone. Like In Real Life which is getting the e-book version. So , try out this book? Let's observe.
