In regards to panickattack333's review.

*Hey dipstick I AM MEXICAN DILL HOLE!
There was absolutely nothing racist about anything I said so dont try and dump the racist BS onto me fat ass! Was I lying? In the United States modern day slave owners make their money off of the backs of ILLEGAL ALIENS from Mexico baboso!*

How do I know this? Because I have worked in construction my entire life in southern California where this is the way it has been going on for the last 20 - 30 years.

How is that racist? If anything I am being the opposite of racist towards illegals by stating this fact. And to be honest, i dont personally give 2, yes 2 full stinky shits about what race anyone is! There is pieces of shits that come in all shapes,sizes, and colors.

Here is a 110% true story that should give you an idea of what it is like out in the real world.

I worked for a company about 20 years ago that had an asshole Mexican American foreman who ran his little army of "wetbacks" for the slave owner that he thought would take care of him for the rest of his life for kicking ass and taking down names later. One day one of his stupid "wetbacks" chopped off 3 of his fingers on the job site with a chop saw.

In the civilized world everyone would come to the rescue of this kid and 911 would be called and all that good stuff so the dumb kid wouldnt die of loss of blood. But not in the world that I was from. The asshole foreman who was in charge of the non English speaking "wetbacks" literally kicked this kid in his ass all the way to his vehicle as he was going into shock from his fingers that were missing.

He ran him off the job, and his friend was over by the saw trying to pick up what was left of his fingers to take to the hospital I am guessing? I have no freaking clue what happened to this kid because I never seen or

heard from him again in my life. Maybe he died. He drove off pale as Casper the friendly ghost and he was dark brown!

I was a kid myself and if I or anyone else said anything we would get our asses kicked by this guy who was an ex professional fighter with hundreds of fights to his name in the ring, and also was a cocaine/crank head that was about as crazy as an outhouse rat. He was a bad ass who knew it and bullied his way to the top of the shit pile. Oh yea, he was a sergeant in the Army too!

This is all true
