PRAISE FOR EDGAR ALLAN POE

"Poe is one of the writers who make us who we are." E. L. Doctorow

“The prince of American Literature.” Victor Hugo

“Edgar Allan Poe is like a ghost haunting American culture, inhabiting the dark corners and lonely spaces of so many genres and art forms. Although he was not at first accorded respect by the literary establishment of America, his spirit has outlasted his critics.” Edward Pettit, Las Vegas Weekly

“No library is complete without Mr. Poe. There is no other author or poet that quite captures the outré with such lush, black elegance. Everyone is familiar with the captivating, uncomfortably engrossing horror tales such as "The Pit and the Pendulum" and "The Red Death": stories that draw you into the depths of plain human terror, both logical and superstitious, real and imagined.” Natalina

“Yet there can be no doubt that Poe left a deep mark on literature. He invented both the detective story ("The Murders in the Rue Morgue") and the sequel to the detective story ("The Mystery of Marie Roget" and "The Purloined Letter"). An attraction to new technologies and cutting-edge ideas such as hot-air balloons, mesmerism, and cryptography made him a pioneer of science fiction.” John Miller, Wall Street Journal
