Ancient Songs of the TAO: Music of the Spheres Bruce Frantzis

As part of my training as a Taoist priest in China, I learned 3,000 ancient liturgies that create vibrations for changing the energetic frequencies in human beings. I use these powerfully effective chants to help my students relax their tension, energetic blockages, emotions and churning thoughts. After decades of being asked to record them, I finally feel the time has come to share them with you.

—Bruce Frantzis

Listen to the music of the spheres—ancient audio technology developed by the Taoists thousands of years ago to help people activate and weave together their eight energy bodies. These songs of the TAO can help you:

- Transform fear, rejection and depression into awareness, freedom, and joy
