These four volumes (CCIS 297, 298, 299, 300) constitute the proceedings of the 14th International Conference on Information Processing and Management of Uncertainty in Knowledge-Based Systems, IPMU 2012, held in Catania, Italy, in July 2012. The 258 revised full papers presented together with six invited talks were carefully reviewed and selected from numerous submissions. The papers are organized in topical sections on fuzzy machine learning and on-line modeling; computing with words and decision making; soft computing in computer vision; rough sets and complex data analysis: theory and applications; intelligent databases and information system; information fusion systems; philosophical and methodological aspects of soft computing; basic issues in rough sets; 40th anniversary of the measures of fuzziness; SPS11 uncertainty in profiling systems and applications; handling uncertainty with copulas; formal methods to deal with uncertainty of many-valued events; linguistic summarization and description of data; fuzzy implications: theory and applications; sensing and data mining for teaching and learning; theory and applications of intuitionistic fuzzy sets; approximate aspects of data mining and database analytics; fuzzy numbers and their applications; information processing and management of uncertainty in knowledge-based systems; aggregation functions; imprecise probabilities; probabilistic graphical models with imprecision: theory and applications; belief function theory: basics and/or applications; fuzzy uncertainty in economics and business; new trends in De Finetti's approach; fuzzy measures and integrals; multi criteria decision making; uncertainty in privacy and security; uncertainty in the spirit of Pietro Benvenuti; cooperation; game theory; probabilistic approach.

### **From reader reviews:**

#### **Michelle Wilson:**

Information is provisions for folks to get better life, information today can get by anyone at everywhere. The information can be a information or any news even restricted. What people must be consider while those information which is within the former life are challenging to be find than now is taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) as the daily resource information.

#### **Adam McGrath:**

This book untitled Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) to be one of several books that will best seller in this year, here is because when you read this reserve you can get a lot of benefit upon it. You will easily to buy this particular book in the book store or you can order it by way of online. The publisher of this book sells the e-book too. It makes you quickly to read this book, because you can read this book in your Cell phone. So there is no reason to your account to past this e-book from your list.

#### **Barbara Fontenot:**

Your reading sixth sense will not betray a person, why because this Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) reserve written by well-known writer who really knows well how to make book which might be understand by anyone who have read the book. Written with good manner for you, leaking every ideas and producing skill only for eliminate your hunger then you still skepticism Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) as good book not only by the cover but also by the content. This is one e-book that can break don't ascertain book by its protect, so do you still needing yet another sixth sense to pick this particular!/? Oh come on your studying sixth sense already told you so why you have to listening to a different sixth sense.

#### **Elizabeth Brown:**

That guide can make you to feel relax. This specific book Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) was bright colored and of course has pictures on the website. As we know that

book Advances in Computational Intelligence, Part IV: 14th International Conference on Information Processing and Management of Uncertainty in ... in Computer and Information Science) has many kinds or category. Start from kids until adolescents. For example Naruto or Investigator Conan you can read and believe you are the character on there. Therefore , not at all of book are usually make you bored, any it makes you feel happy, fun and unwind. Try to choose the best book for yourself and try to like reading which.
