## **Scott Kelby's Digital Photography Boxed Set, Volumes 1 and 2 (Includes The Digital Photography Book Volume 1 and The Digital Photography Book Volume 2) Scott Kelby**

With over 400 of the most closely guarded photographic “tricks of the trade,” this boxed set—consisting of The Digital Photography Book, volume 1 and The Digital Photography Book, volume 2—is the ultimate resource for anyone who wants to shoot dramatically better-looking, sharper, more colorful, more professional-looking photos every time.

Scott Kelby, the man who changed the “digital darkroom” forever with his ground-breaking, bestselling The Photoshop Book for Digital Photographers, now tackles the most important side of digital photography—how to take professional-quality shots using the same tricks today’s top digital pros use (and it’s easier than you think).

These aren’t books of theory, full of confusing jargon and detailed concepts. These are books on which button to push, which setting to use, and when to use it. Each page covers a single concept on how to make your photography better. Every time you turn the page, you’ll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you’re tired of shots that look “okay,” and if you’re tired of looking in photography magazines and thinking, “Why don’t my shots look like that?” then these are the books for you.
