A plethora of childrens wit and wisdom as told through their daily lives with a childcare teacher. All are conversations she heard during her eleven years of working in preschool center. The insight and humor of the children is revealed quite cleverly. The authors love for children comes through strongly as you read the collection. This is a one of a kind work, very unique and sometimes hilarious. Also contains many craft ideas and helpful hints for preschool teachers and/or parents. Working with children is the most rewarding thing I have ever done. These years have been a very educational experience. If I planted one seed along the way, I feel I have done my part. The title, Litl Bit, was a nickname from years ago. One day I couldnt reach something on a shelf, and I said, Im not big enough. My husband replied, Oh, youre such a little bit, and the name stuck.
