**Management: A Practical Introduction** Angelo Kinicki, Brian Williams

Blending scholarship and imaginative writing, ASU business professor Kinicki (of Kreitner/Kinicki Organizational Behavior 8e) and writer Williams (of Williams/Sawyer Using Information Technology 7e and other college texts) have created a highly readable introductory management text with a truly unique student-centered layout that has been well received by today's visually oriented students. The authors present all basic management concepts and principles in "bite-size" chunks, 2- to 6-page sections, to optimize student learning and also emphasize the practicality of the subject matter. In addition, instructor and students are given a wealth of classroom-tested resources.
