This delightful introduction to Paganism and earth-centered practice is the perfect start for those who wish to learn about the ways of our ancestors. Written for children, the simple language throughout each page makes this book suitable for all ages and is a stepping stone for further detailed reading in dark green religions and The Craft. Kids will love to read this little book, just right for their little hands, and will deepen their understanding of their parents' Pagan path. Parents will strengthen the bond with their children as they teach them the many ways to connect with Nature and Spirit. This is a must read for those moved by the Sun, the Moon, the seasons, and the cosmic energy contained in all. "Paganism For Kiddos is a comprehensive and unique resource for school-aged children and their parents to learn about modern Paganism while affirming the validity of all religious paths. This beautiful and heartfelt book opens the door to really important conversations and teachable moments between parents and children while leaving the very personal decisions of what to believe and do to families." - Joy Burton, M.S.Ed., Executive Director of Living Earth, Denver. "Jessica Hauptmann has created a gorgeous and heartfelt new classic for young people drawn to earth-based spirituality. This will be helpful for Pagan adults to explain their path to their kids, a great "text" to use in child care/children's groups at Pagan festivals and encampments, a great tool of teaching about spiritual diversity for school teachers, and a gift to young people seeking their own path." - Anne Z. Parker, PhD, author of Stories from the Origin and Earth Alchemy.
