The Almanac of American Philanthropy

Karl Zinsmeister

The Almanac of American Philanthropy Karl Zinsmeister

Philanthropy in America is a giant undertaking. Every year more than \$360 billion is voluntarily given by individuals, foundations, and businesses to a riot of good causes. Donation rates are two to 20 times higher in the U.S. than in comparable nations, and privately funded efforts to solve social problems, enrich culture, and strengthen society are among the most significant undertakings in the United States. Until now, though, there has been no definitive book on America's distinctive philanthropy. This authoritative, highly readable new reference fills that hole. In a single volume, it chronicles the greatest achievements of American private giving, profiles the most influential donors, collects the essential statistics, and summarizes the best ideas on charitable assistance that have been written or spoken. Readers attracted to fascinating history, quirky biographies, and true Americana will enjoy the lively narrative of this meaty new book.
