The Secret Meaning of Names is a startling breakthrough in our understanding of how our names come from our parents' subconscious and go on to shape our characters and lives.

Stemming initially from Dr Lexander's own inner work and then backed up by ten years of research and work with hundreds of clients, The Secret Meaning of Names explains the theory and practice of 'name-decoding'.

Few books can revolutionize your understanding of the factors that shape your life.

This one will. You will learn how to crack the hidden code contained in your name.

You will never look at your name or anyone else's name in the same way again.

Not numerology. Not the archaic meaning of names.
