The Sergey Chronicles is the story of one warrior family—Admiral Lujan Ansellic Sergey, his wife Captain Darcie Dartmuth, and their son Tristan Sergey—caught at the fulcrum of interstellar politics and the demands of their military duty. Wrenched apart and scattered across the galaxy by the brutalities of war, they face capture, torture, coercion, and epic space battles to be reunited. Only then do their most devastating challenges begin.

Having been separated by decades of time as well as lightyears of distance, each of them must confront his or her own internal demons to make their family truly whole again, and to defeat a new and more insidious threat to their civilization. Between deadly special operations missions and scenes of deep-cover political intrigue runs a thread that proves how much one family can accomplish with patience, forgiveness, trust, dedication, and unity of purpose.

“In the past, when I considered important women writers of military science fiction, three names have stood out most prominently: C.J. Cherryh, Lois McMaster Bujold, and Elizabeth Moon. Now I will add Diann Thornley to my list. With each novel, it becomes more and more evident just how important she has become to this field.”

—David Farland, NYT bestselling author of The Runelords series

When Tor originally published this trilogy in the late 1990s it was called The Unified Worlds Saga.
