Second Chances

Second Chances Walton Ray
Second chances in life are rare.

When it comes to love, they're twice as precious.

When Sean Whittaker refuses to see the signs of a dying romance, he must force himself to come to terms with the truth... or doom himself to the fate of his father when he did the same decades ago with his wayward mother.

Circumstances beyond his control will force Sean to choose between his current romance, and a first love that has withstood the test of time as he vacillates between the affections of two women vying for a single prize... his heart.

One represents his present.

The other, his past.

Which one will be his future?

Which one will get a second chance?
