THE LAW OF CONTRACTS AND THE UNIFORM COMMERCIAL CODE, second edition is ideal for readers who study contract law. This book provides readers with a practical, understandable and realistic approach to the law of contracts. It covers all of the important features of common law contracts as well as Article 2 of the Uniform Commercial Code (UCC). Real cases are used and are intended to show readers the practical application of the concepts in each chapter. The fact pattern is used throughout the chapter to demonstrate how contracts and its concepts affect our daily lives, often with unusual results. Chapter summaries, review questions, exercises, running glossary, and more help readers to fully grasp this complex area of the law.
