Missy and her friends have convinced government officials that using supernaturals can indeed be managed. Such activities must of course be disguised or kept secret. The greater concern now is whether any enemies of the U.S. might have supernaturals and, if so, how to deal with them.

Meanwhile, Missy enjoys day-to-day life back at the academy until learning a mob war puts some of her friends at risk; she once again confronts the local crime boss only to end up helping him. Thank goodness she has discovered a new and unique special ability which she can use. Then, that ability becomes especially needed when terrorist threats against some target cities in the U.S. are discovered.
