The Names of Lucifer Throughout the Old and New Testaments Publius Marcus

What kind of an introduction does one need to talk about Old Split Foot? Quite a bit. This character known as the Devil and perhaps several other names is the quintessential liar, cheater, thief and overall complete and total dunce. This, however, does not give the implication that he is a real-time dummy. He is very smart because he was created by God and at one time was an Angel of God. He has had since the beginning of time even before us humans started keeping track of time, to start his universe-held-world to create the largest and most complex delusion that any human could even try to come up with. The problem with that is millions of people are starting to believe the lie(s). I am going to do something peculiar from all the other books I have written. I only did this once in the book *The Names of God in the New Testament*¹⁶ but I am going to do the same thing here as I did in Chapter 140 of that book. At the end of each chapter of this book, I am going to add a minimum of one page for you to write in any notes that you would like to enter. This will be an interactive book and as you discover what kind of a cretin this demented angel is, you can make whatever note you would like to. You can make up your own names for this hell-bound imp and make fun of him all you want to because it is already set into stone where this trollop named Satan is going to end up!
