Pickford: The Woman Who Made Hollywood Eileen Whitfield

Silent-film star. A woman who played children, wide-eyed and gamine, skipping about in frills and long curls. That's how most people remember Mary Pickford. In reality, as this compelling biography makes clear, Pickford was a towering figure in movie history, central to the evolution of film acting and the development of the Hollywood motion picture industry. Eileen Whitfield recreates Pickford's life in meticulously researched detail, from her trying days in turn-of-the-century Toronto through her reign as mistress of Pickfair, the legendary Beverly Hills estate at which she and Fairbanks entertained the world's elite, to her sadly moving demise. Along the way, Whitfield explores the intricate psychology that tied Pickford to her mother throughout her life and analyzes Pickford's brilliant innovations in the art of film acting, her profound influence on the movie business, and her role in the history of fame: once the best known woman in the world, she was the object of a mass adoration that prefigured today's cult of celebrity.

Henry Stehle:

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the professor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Pickford: The Woman Who Made Hollywood can make you experience more interested to read.
